

How to create: Paper Christmas Wreath

Christmas wreath base dimension: 300 x 300 mm

For cricut machine (estimated time : 1 hour 30 mins)

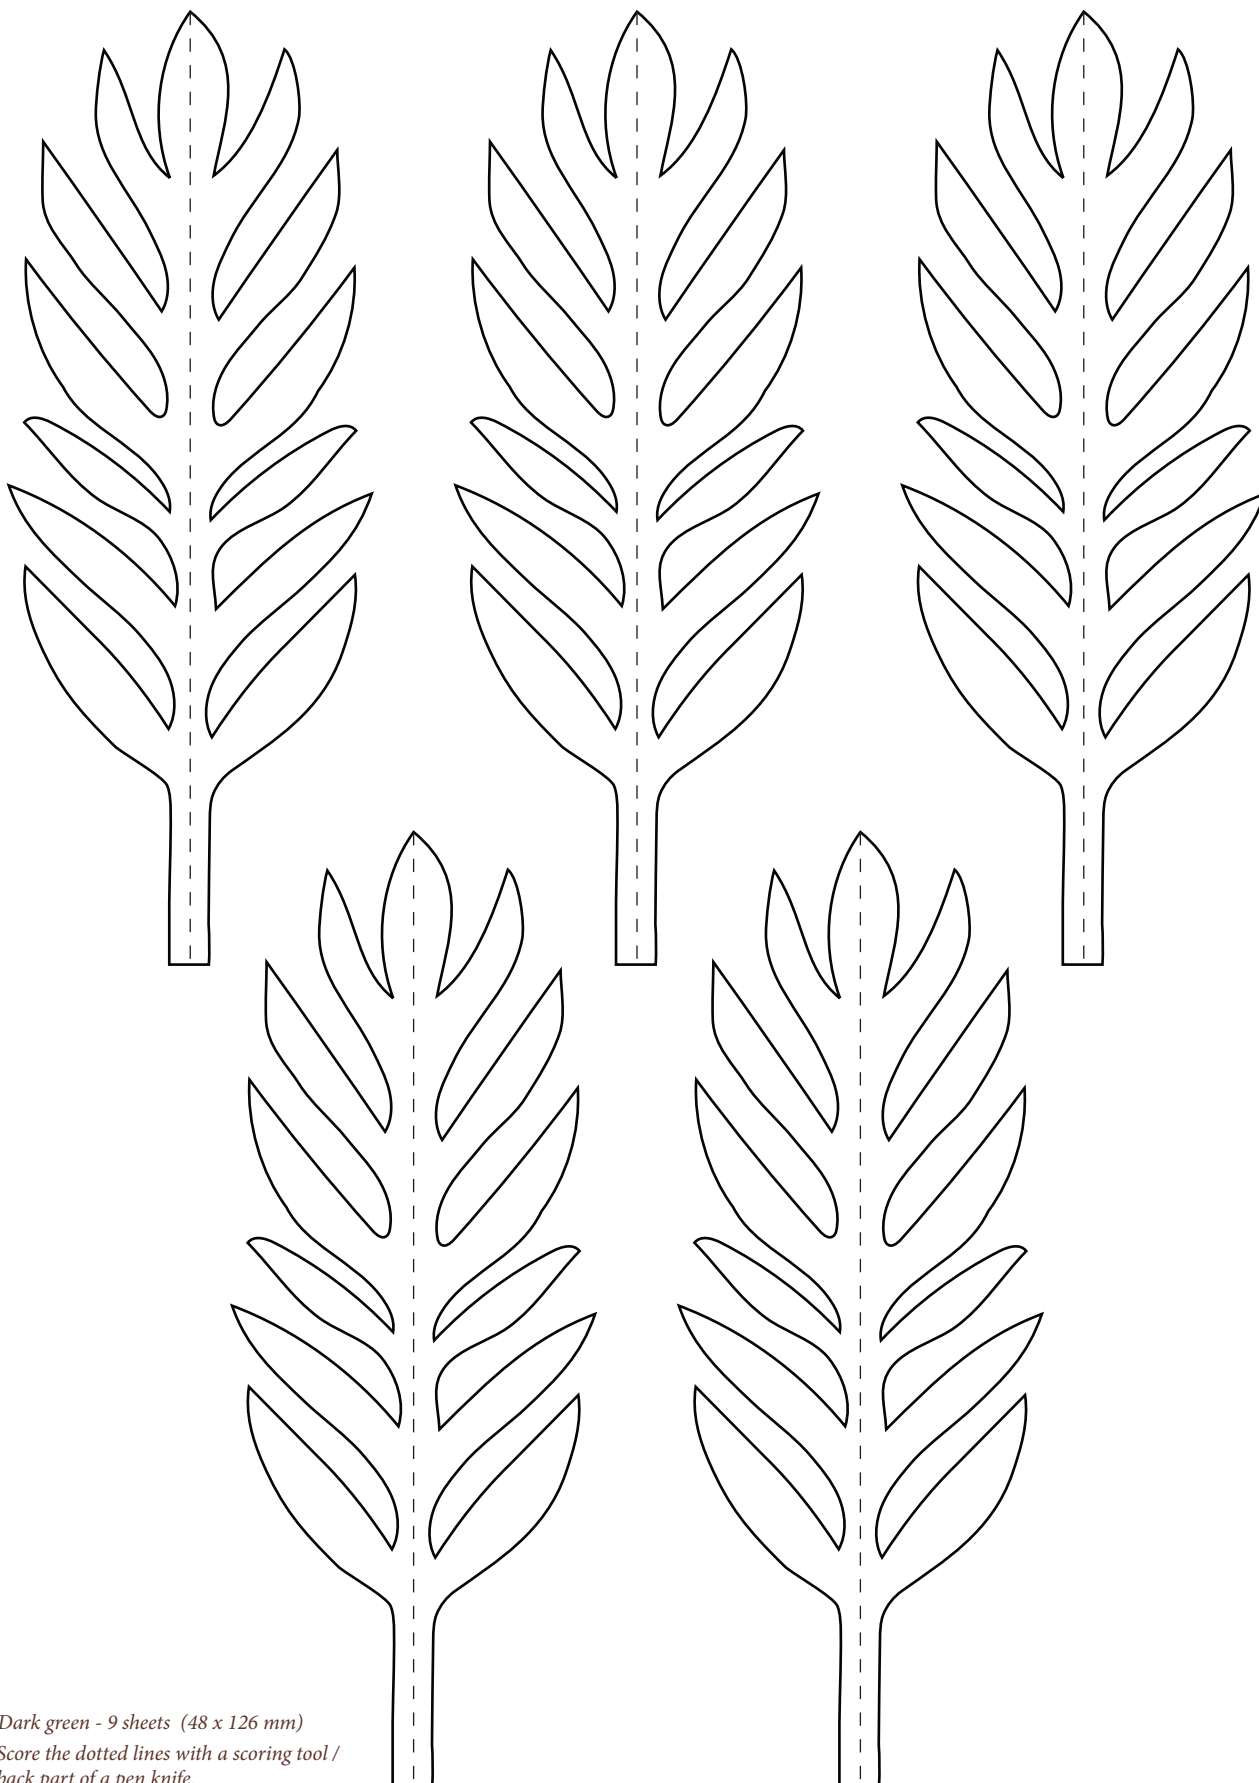

For hand cut (estimated time : 3 hours)

-
- Materials you will need:**
1. Wreath Base (300 x 300 mm Size Foam Ring)
 2. Brown Crepe Paper For Wrapping The Wreath Base (10-12 strips)
(1 strip - 160 x 40 mm)
 3. Coloured Papers For Decorative Items (Leaves, Pine cones and Flowers)
 4. Decorative Wire (600 mm)
 5. Printer
 6. Scissors, Pen knife/ Scoring Tool
 7. Red Ribbon Loop (410 mm) and Red Ribbon Bow (1000 mm)
-

- Steps:**
1. **Print** template **to scale**.
 2. **Cut** out the leaves (minimally 50 pieces), pine cones (minimally 5 pieces) and flower (minimally 3 pieces) templates. (Use a pen knife for the intricate details)
 3. **Wrap** foam ring with brown crepe paper.
 4. **Build** the wreath base by sticking leaves in a clockwise direction in alternate colours. Use 3 different sizes of leaves for the wreath textures.
 5. Add other decorative elements (pine cones and flowers) to the arrangement for an additional pop of colour and variety!
 6. **Create** a hanging loop by tying the red ribbon on the top of the wreath.
 7. **Tie** the red ribbon bow onto the hanging ribbon loop.

Part A: Leaf on Wreath

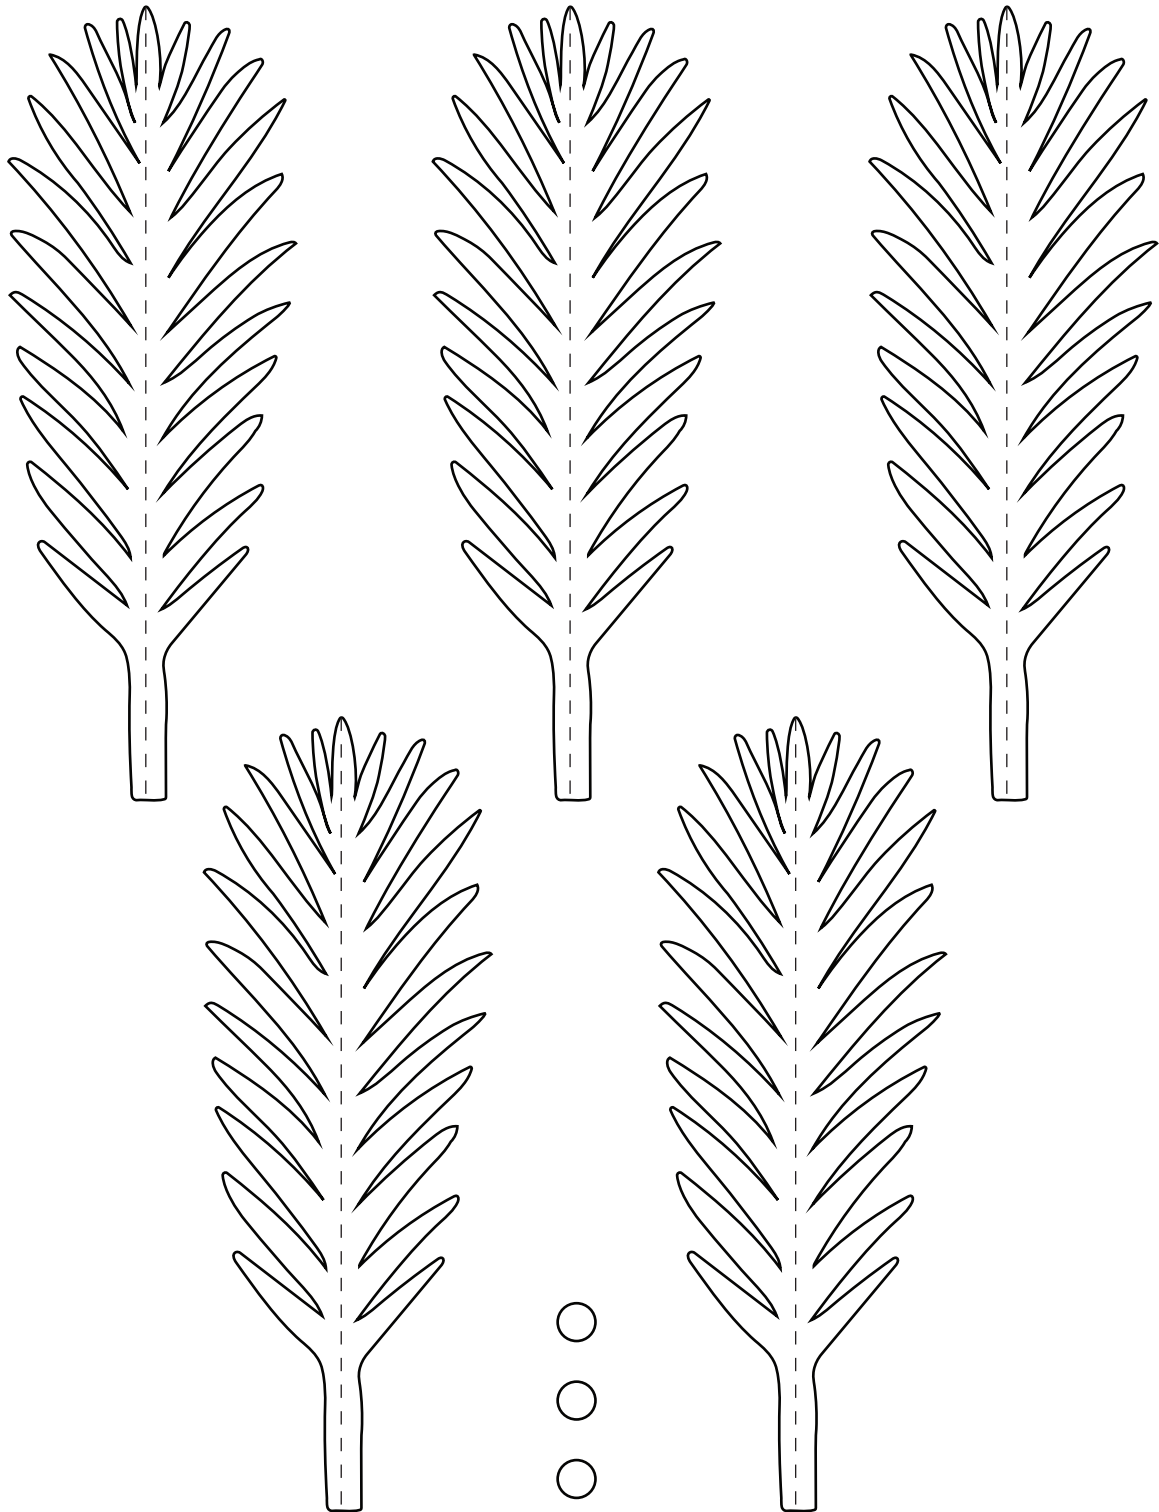

**Note: Dark green - 9 sheets (48 x 126 mm)*

*Score the dotted lines with a scoring tool /
back part of a pen knife.*

Part A: Leaf on Wreath

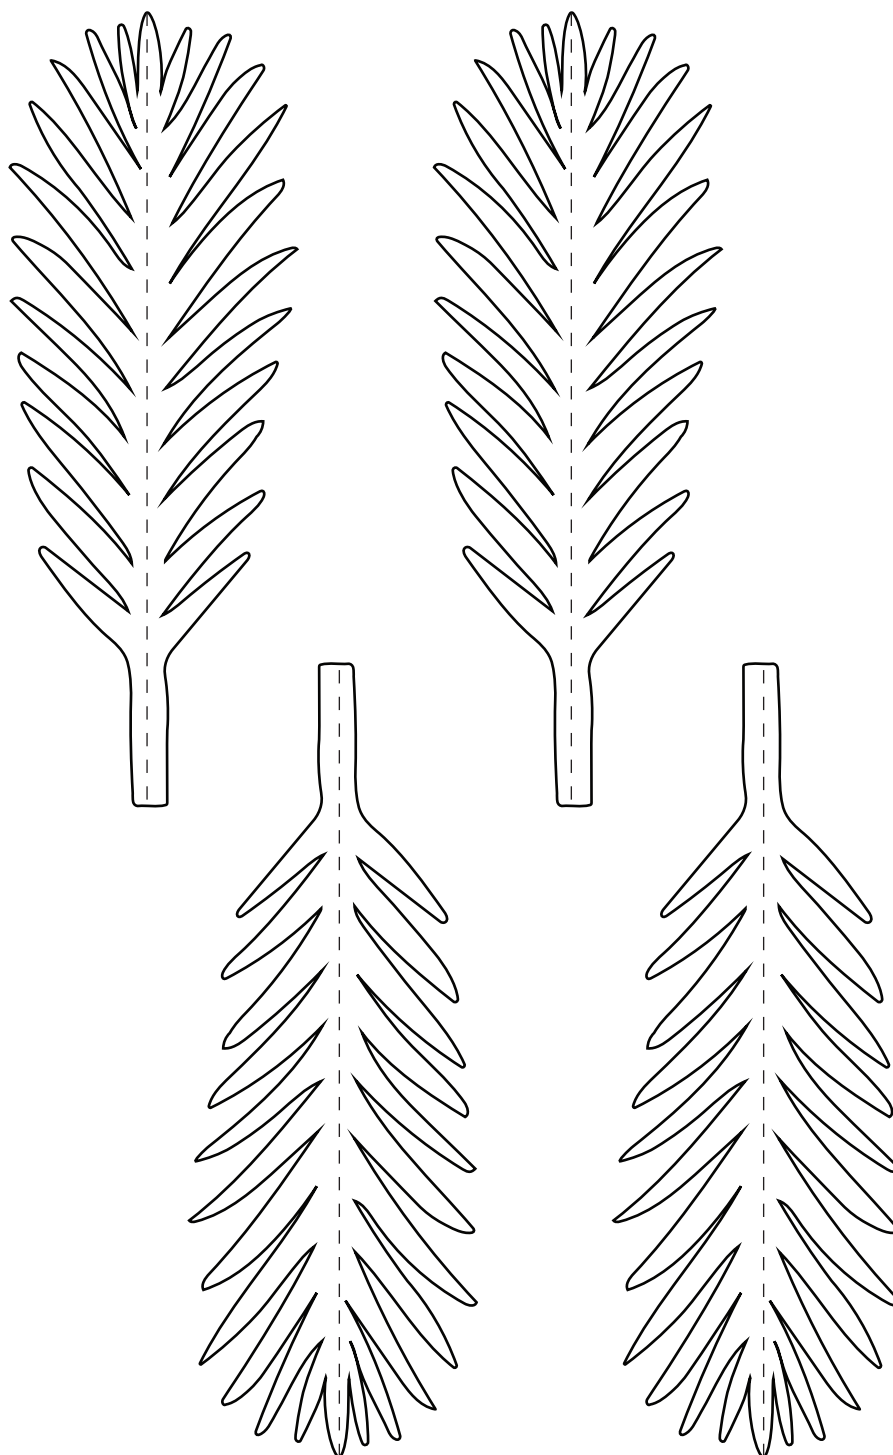

**Note: Gold - 4 sheets (Leaf - 38 x 104 mm, circle 5 x 5 mm)*
